

ACTOPORIA

Where Tradition Meets Science – The New Beginning of Skin Innovation

A powerful solution for sensitive and troubled skin, born from 500 years of herbal wisdom blended with modern scientific technology.

Suitable for all skin types,
Especially sensitive and troubled skin

K-BEAUTY HUB
CONNECTING THE WORLD WITH K-BEAUTY

Brand Story – The Birth of ACTOPORIA

■ A Fateful Encounter with *Gynostemma Pentaphyllum*

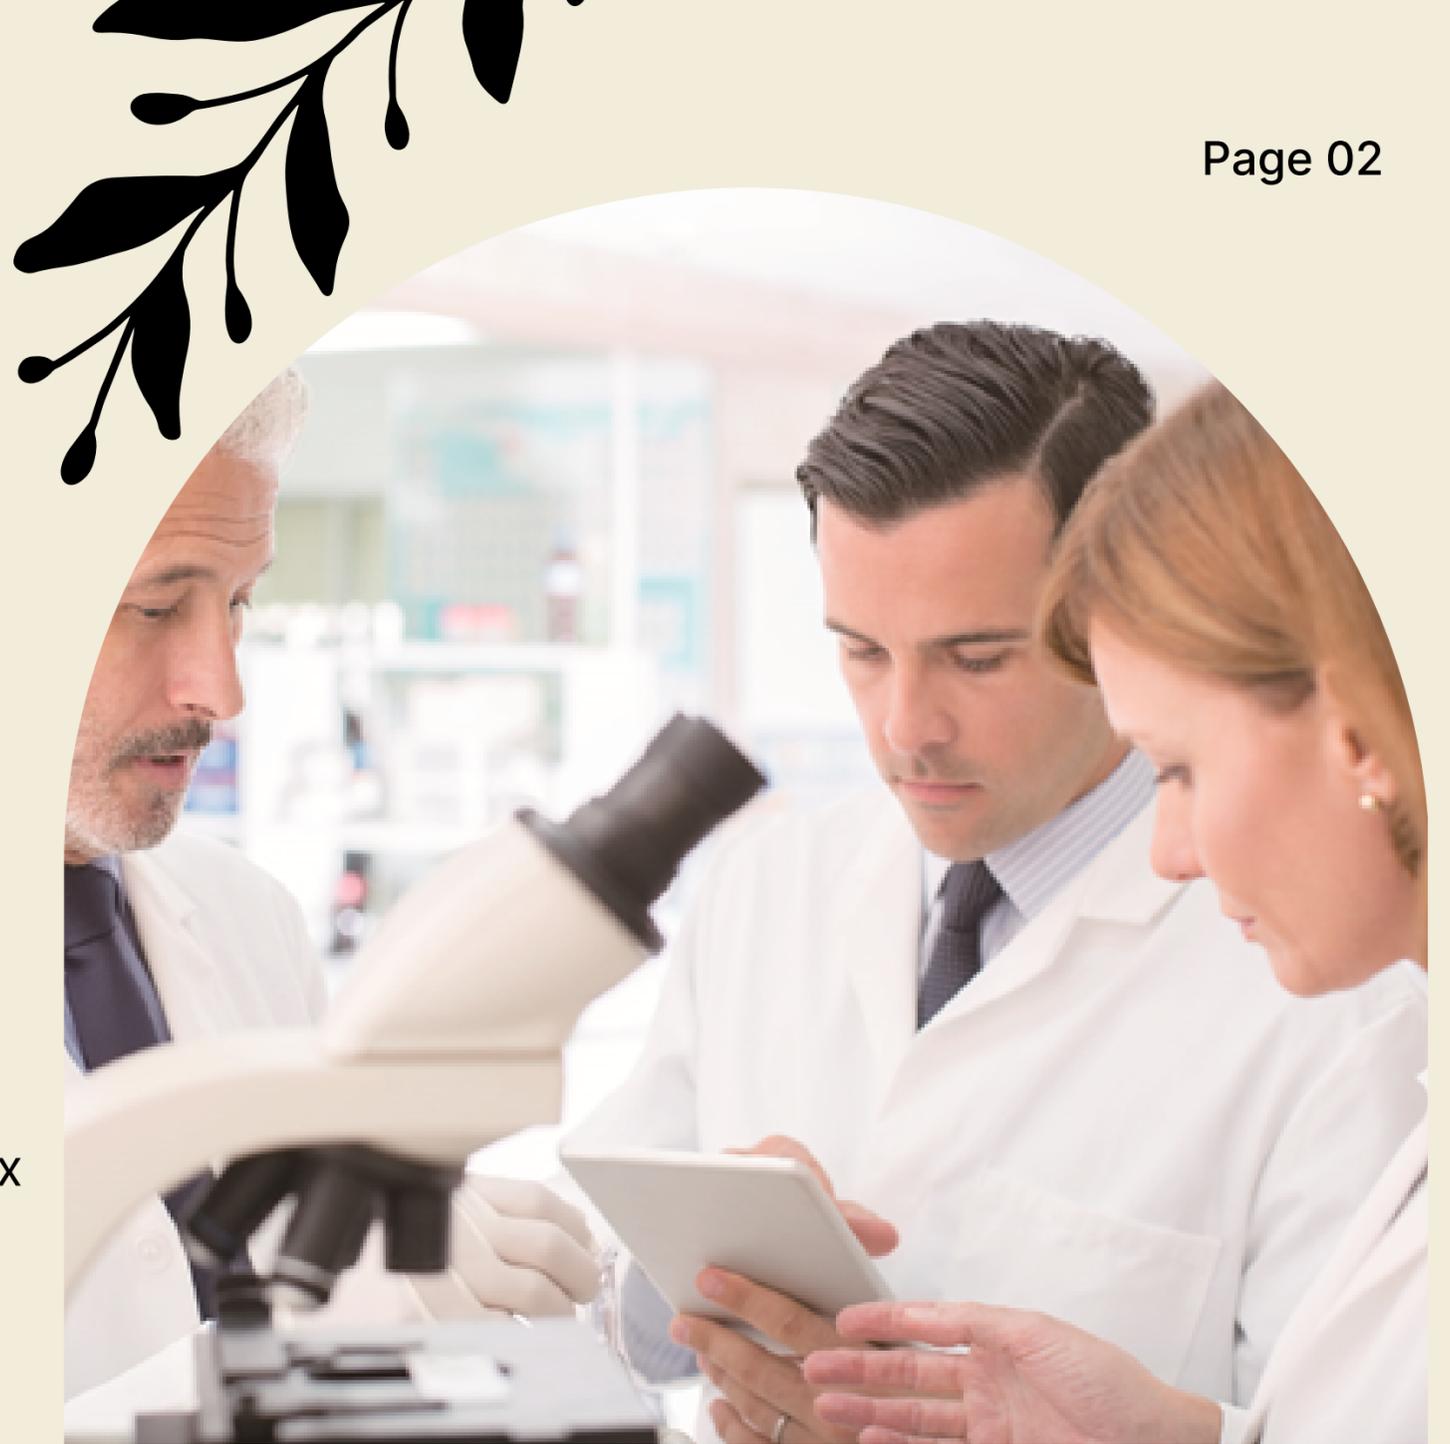

Known as a mystical herb in Korea, Japan, and China for over 500 years, *Gynostemma Pentaphyllum* was discovered at an exhibition by a genetic engineering expert. Years of dedicated research confirmed its potent anti-inflammatory, antioxidant, and antibacterial effects.

■ Innovation through Fermentation and Nano-Technology

A specialist in Traditional Korean Medicine and cosmeceutical development created the patented Horse Oil Flavonoid Complex by combining advanced fermentation techniques and nano-technology. This active ingredient promotes skin regeneration and relieves inflammation.

■ A Family's Devotion

Motivated by a desire to improve skin conditions, a team of scientists developed a patented formulation using Perilla Oil and *Cyperus Rotundus* extract.

**All these innovations come together as
ACTOPORIA**

**Gynostemma
Pentaphyllum Extract**

Powerful anti-inflammatory, antioxidant, and antibacterial effects

**Horse Oil Flavonoid
Complex**

Boosts skin regeneration and soothes itchiness and inflammation

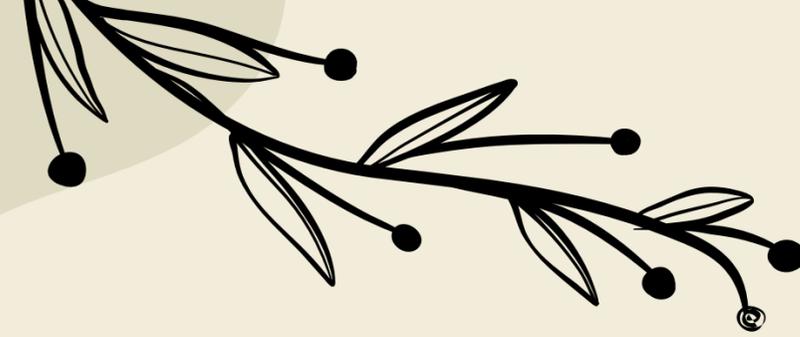

**Perilla Oil & Cyperus
Rotundus Extract**

Calms sensitive and acne-prone skin

Key Ingredients & Benefits

Effective 3-Step Solution for Troubled Skin

01
ACTOPORIA Mist

ACTOPORIA Serum

03
ACTOPORIA Booster

K-Beauty Hub Advisory Board

Dr. Kyung-Koo Lee - Chief Senior Advisor

- Ph.D. in Organic Synthesis, Kyungpook National University
- Postdoctoral researcher at the Fukui Institute, Kyoto University
(under Nobel Laureate supervision)
- Former Research Professor at Kyungpook National University
- Former Member of the National Assembly's Science and Technology Committee
- Selected as an Outstanding Overseas Scientist for China's 2020 Project

Our Strategic Partners

■ A Global Bio Venture

- Supported by a team of genetic engineering experts and academic researchers
- Holder of the world's first patent for an obesity-related gene (2004)
- Supplies Actiponin, the No.1 best-selling fat-reducing ingredient on Amazon and iHerb in 2024
- Advisory board includes experts from KAIST, Kyoto University, Harvard Medical School, and Johns Hopkins University

■ Cosmeceutical Manufacturer

- Integrates Traditional Korean Medicine with advanced cosmetic science
- Developer of patented Horse Oil Flavonoid Complex
- Committed to sustainable, cruelty-free research and manufacturing

■ Natural Product Research Institute

- Research and validation of functional ingredients derived from natural materials
- Specializes in herbal functional materials and biochemical testing

ACTOPORIA Vision

ACTOPORIA is a revolutionary cosmeceutical brand that merges centuries-old herbal wisdom with modern biotechnology to treat sensitive and problem-prone skin. Now is the time to change the future of your skin
